

On the Streets, Thinking of Home...Appeal for Contribution and Donation for Earthquake Victims in Nepal-Prayas JAC Initiative

Eight million people have been affected by the massive earthquake in Nepal-more than a country quarter population on April 25, 2015 (Saturday). The 7.9 Richter magnitude hit Nepal destroyed thousands of lives, and loss of properties.

There is urgent need of humanitarian assistance in the relief and rescue operations. The Epicenter was approximately 34 Kms East-South East of Lamjung, Nepal. Prayas team is on the Indo-

Nepal border for the past three years and they have rescued and rehabilitated over thousand trafficking survivors, Indian and Nepali children almost equally divided. The joint team that also runs homes on both sides and full scale socio-economic follow -up programs in the deep villages is led by this Prayas Manager from Nepal, Roshni Shreshtra and . The team has taken charge of 40 earthquake victim children and now expanding the activities in deeper areas including the places adjacent Kathmandu.

Prayas birth was accidental in nature as it came into existence in 1988 in a disaster situation when a devastating fire broke out at Jahangirpuri, one of the largest resettlement slums of Delhi, destroying thousands of families who lost their homes and livelihood. For past 26 years, Prayas has been and continues to be involved in meaningful, development-driven initiatives that distinctly impact the quality of life of the weaker-sections of the society, in hundreds of slums/villages surrounding the National Capital Territory of Delhi, Bihar, Gujarat, Assam, Arunachal Pradesh, Haryana, Rajasthan, Jharkhand and the Tsunami devastated Andaman & Nicobar Islands.”

Please mention your address, including PIN Code, Permanent Account Number (PAN) so that we can send you your Tax Exemption Certificate.
