

## AGRO BASED ACTIVITIES AT HANSA, SAMASTIPUR

Prayas has been promoting allied intervention in agriculture linked income generation programs in Samastipur, Bihar, focusing specially on small farmers. The broad

objective of this intervention is to ensure profitability from agriculture for farmers owning small pieces of lands. The proposed set of activities include:

- **VERMICOMPOST PRODUCTION:** The organization has set up 5 vermi beds spreading over in a half of Kathha land (850 Sq. feet). In each Bed approximately 4 quintals of compost could be prepared in every three months.
- **COW REARING**

- **ORGANIC VEGETABLE PLANTATION:** Seasonal organic vegetables such as Ladyfinger, Pumpkin, Cucumber, Radish, Papaya, Tomato, Cabbage, Carrot etc. could be grown and sold at local markets.
